Cannon County High School Hosts American Red Cross (ARC) Blood Drive on April 5, 2024

Cannon County High School, in a collective effort, had a life-saving impact on over 100 lives with an American Red Cross (ARC) Blood Drive on April 5, 2024. Students and teachers volunteered their time and blood, demonstrating our community's commitment to making a positive impact. The programs through the Red Cross can further this impact, offering scholarship dollars for students and a Red Cord recognition at Graduation.

More than 15 teachers stepped up and donated blood for their neighbors! Our staff at CCHS is dedicated to their students and community in various ways, and their dedication is evident in their donations!

Student Volunteers were: Lindsey Campbell, Ivan Segoviano, Parker Matthews, Logan Gill, Bretlyn Neal, Harlee Adams, Kaylin Powers, Sam Curtis, Traven Lawson, Gabriella Marcum, Sierra Tatman, Emmalee Gilley, and Tessa Vantrease.

Red Cord Recipients (donating a minimum of three times) for Graduation Year 2024 are Davey Watson, Traven Lawson, Jeremy Earls, Lacie Arnold, Reese Vance, and Lillian Hill.

The blood drive was successfully hosted by our dedicated Health Science Instructors: Lisa White, RN MSN and Tessa Smith, RN BSN, in conjunction with Lana Butaud, Sr Acct Manager, Donor Recruitment. Their expertise and guidance were instrumental in the success of the event.

For media inquiries, please contact Ms. Bonnie Patterson, Director of Cannon County Schools, at 629-201-4815 or at bonnie.patterson@ccstn.net for local Cannon County Schools information.
