Cannon County Honors the August Employee of the Month

Woodbury, TN– Cannon County Schools proudly recognizes the August Employees of the Month, Chris Bailiff, Bridgett Hill, Cliffta Jones, Melissa Keller, Terri McCoy, Adam Melton, Michelle Melton, Angel Neal, Robert Pitts, Betty Soloman, and Michelle Young.

This month's employees worked all summer to prepare our buildings for the new school year. Much work is done during the summer months inside and out, which requires working around the summer schedule of events such as summer school and other events. Principal Courtney Nichols states, "We take pride in ensuring our school is clean and presentable for our students, staff, and guests. These individuals realize this vision with their hard work and dedication to our facilities. When you pull into our campus, you see our beautiful landscaping, clean hallways, classrooms, and bathrooms. Their attention to detail can be seen throughout the school. Cannon County Schools are blessed to have individuals that take pride in our facilities."

District and school administrators can nominate Cannon County Employees of the Month. This initiative recognizes and appreciates exceptional work that leads to student success.
