Cannon County Community Partner Helps with Security Upgrades

Woodbury, TN– Cannon County Schools would like to express our sincere gratitude to Mr. Ed Schultz, owner of The Stainless Group in Auburntown, Tennessee. His generous donation of a bullet-resistant pass-through security window at Cannon Middle School, and his hands-on assistance in its installation, have significantly bolstered the safety of our staff and students. We value our community partners, and Mr. Schultz's support has made a tangible difference in our school's security measures.
