Press Release: Cannon County High School Students Earn CNA Certification

WOODBURY- Cannon County High School's Certified Nursing Assistant (CNA) program offers students the chance to earn CNA certification, which is a professional credential that signifies an individual's competency in providing essential care to patients under the supervision of licensed nursing staff. It encompasses a strong foundation in clinical skills, patient communication, and ethical caregiving practices, ensuring the CNA can support the physical and emotional well-being of those in their care. We are incredibly proud of the students who completed this coursework and rigorous exam process to become certified CNAs this school year and are excited to see the positive impact they will make in the healthcare field.
